REPORT OF FOREST FIRE WARDEN & DISTRICT CHIEF

People cause fires. Our records show that the number of fires increases in an area as the population increases and our state is growing tremendously. This means that we all must be aware of fire causes and do our best to prevent their occurrence.

When we are very young the lighted match is an adventure, burnt fingers and a dropped match is another fire. A little older we like to have a woodland cookout, or go out by ourselves for a smoke but fire and forests get together for another statistic. We adults like to clean up in the spring, burn the old debris and the dead grass, result — escaped fires and much personal expense.

With new homes and summer cottages located in woodlands and with abandoned fields and forests crowding the back yard of our villages' streets, it is necessary that everyone be aware all through the fire season, which comes with the disappearance of the snow, of the need to be careful with outdoor fires and fire sources.

The following action will help:

1. To teach our children the danger of lighted matches.
2. To *never* discard lighted smoking material from a car or while walking through fields or woods.
3. To safely dispose of rubbish preferably at the town dump. If you must burn —
 - a. You need a written permit from the town fire warden for *all* debris burning except when the ground is covered with snow. Cooking fires in outdoor fireplaces or in charcoal braziers in your own back yard is permitted on notification of the warden.

- b. The warden is forbidden by regulation to allow burning of household rubbish on *grass* by householders between 9:00 A.M. and 5:00 P.M.
 - c. Have equipment on hand to control the fire *before* you light the match.
4. Promptly report any fire out of control to your fire warden or fire department.

Help to keep our town out of the fire occurrence column and save your tax dollars for useful purposes.

REPORT ON THE PROPOSED SEWERAGE FACILITIES

Under the Legislative Act passed 1967, the Town is under the order to eliminate the pollution caused by the discharge of raw sewage into the Winnepesaukee River. As the first step the Town had, together with the Town of Tilton, a preliminary "Report on Main Interceptor, Sewer Extensions, Sewage Treatment Plant and Appurtenant Works for the Towns of Tilton and Northfield, New Hampshire (Tilton-Northfield Sanitary District)", worked out which has been submitted in November 1967 and has been processed by the Water Supply and Pollution Control Commission and the Federal Government. It is proposed to build the sewage treatment facilities jointly with the Town of Tilton on the low land in Northfield, between the railroad and the river, on the land presently owned by the Public Service Company of New Hampshire.

It is expected that, under State orders, construction will have to start in 1970. The next step will be the working out of construction drawings and specifications to be ready for bidding.

The amount needed for this engineering work will be advanced as an interest-free loan by the Federal Government. The respective article authorizing the Selectmen to apply for this loan, was included in the 1968 Town Meeting Warrant. The processing of this application has been completed. The working out of the construction drawings will begin upon receipt of Federal approval of the funds.

TILTON-NORTHFIELD CIVIL DEFENSE

TO: Selectmen, Tilton and Northfield

Gentlemen:

As your new Civil Defense Director and the emphasis is on new, as I have had the privilege of serving for only a few short months, the goals and programs implemented by your most able former Director, John F. (Jack) Claridge, have been continued. As I become more knowledgeable in this field of Civil Defense it is hoped many more people in these communities would indicate an interest in becoming more knowledgeable by participating in one or more areas where Civil Defense prepares groups to act in support and as assistants to regular service departments.

The Communications Division has been most active and has established a new and more efficient transmitting and receiving station at the Soldiers Home. It should be stated that we are indeed fortunate to have in the event of an emergency such a highly qualified and dedicated group of "radio hams" under the guidance and control of our CD Communication Officer, Mr. Sleeper.

We have regularly exercised with the statewide Civil Defense warning information fanout system and can report a reasonable level of efficiency in this communications medium. In four separate locations in the Tilton-Northfield area are located complete sets of radiological monitoring instruments which are checked and recalibrated annually. During February 1969 all locations where above equipment is located were replaced by new and improved units.

We are currently conducting a medical self help course and standard Red Cross First Aid course at the Tilton-Northfield High School with 21 interested local people enrolled in the class.

It is our recommendation that the monies appropriated for Civil Defense in the last budget be continued.

Respectfully submitted,

DONALD J. WELCH

CD Director

TILTON-NORTHFIELD RECREATION COUNCIL

1968 Annual Report

The conclusion of 1968 terminated the 13th year of the Recreation Council's programmed activities. During the non-summer months, the center (over the Tilton Town Hall), was open Monday through Friday (except Thursday) evenings from 6:30 to 9:30. Boys from junior grades could attend Monday and Wednesday from 6:30 to 8:00 p.m., senior grades from 8:00 to 9:30 p.m. A similar schedule for girls was available on Tuesday and Friday evenings. Some special events were held on Saturdays.

During the spring, various tournaments were held among the center attendants involving indoor games and contests. The Teen Council also held movies every other Saturday, at the center.

The Babe Ruth ball team moved into the Laconia League. They were completely outfitted with uniforms on behalf of the A. S. Brown Company. Actually the '69 season will be the first year the whole team comes onto the field with the new units. They will be a smart looking group, which goes a long way as a morale factor.

A swimming program involving two, (4) week sessions was successful for another year. The courses ranged from beginners to junior lifesavers. Certificates were awarded for completion of various tests at each level, as outlined by the American Red Cross. The program was concluded with a water carnival.

The playground program was scheduled for a four week period. Various arts and crafts were taught in addition to short trips to the pond, J. Donellons golf range, and the Animal Farm in Laconia. Nature walks, various outdoor games, and athletic events were also part of the program.

A Recreation Council basketball team was sponsored again in the fall. The boys are non-varsity players, from grades 8-12.

Another successful trip to Boston, for a Red Sox game was a further highlight toward summer's end.

The "Neighborhood Youth Corps," a federally funded youth program was undertaken this year. Nine teenagers from town, meeting specific requirements, were supervised by the Recreation Council, working on community projects. They helped us with the Playground program, painted the Tilton selectmen's offices, worked at the pines and over at the pond. We hope to have an opportunity to apply again in '69.

The Teen Council in addition to the movies, also donated a new sound system for the center (to be installed). They also donated some of their funds to other town projects, including a scholarship. A Halloween party was organized, and their usual Christmas project were both successful events.

The Snowmobile race held in January, supervised by the Lakes Region Snowmobile Club, added an additional \$424 to the building fund.

Our thanks goes to all the individuals and groups, who have helped in various ways throughout the year to maintain a year round program. We are grateful to the taxpayers for their support, enabling the council to provide activities, which in one way, help mold young citizens.

Four immunization clinics were held in the American Legion Hall in Northfield in March, April, May and June. Both pre-school and school children attended these clinics. Measles injections were given to 40 children, triple toxoid injections were given to 29 children, toxoid boosters to 89 children, 16 children received smallpox vaccine, and 70 children received drinks of trivalent polio vaccine.

Assisting at these clinics were Mrs. Virginia Snow R.N., Mrs. Mary O'Neil R.N., Mrs. Frances Crawford R.N., Mrs. Ramona Hill R.N., Mrs. Madeline Gilbert R.N. Clerical workers were Mrs. Marjorie Robert, Mrs. Mary Dwinal, Misses Katherine and Norma Waldron, and Mrs. Nan Smart.

Dr. Frank Robinson and Dr. G. Vincent Ryan were the attending physicians.

Grateful appreciation is extended to the American Legion for again allowing us to use their hall.

During the Thanksgiving and Christmas holidays many deserving families received gifts of food, clothing and toys. Generously provided by the Elks, Emblem Club, American Legion, The Congregational Church Sunday School, Trinity Guild Episcopal Church, Recreation Council, Individuals and The Salvation Army.

At this time I wish to extend my appreciation to all organizations, churches, and individuals that have assisted me in any way, so that the work of this association may be carried on to the best interest of all residents in the Tilton and Northfield areas.

At this time I would like to thank Mrs. Virginia Snow who served as District Nurse for the months of January, February and March and who offered helpful advice and Mrs. Arlene Lachapelle who worked as District Nurse for the month of August.

Respectfully submitted,

THALIA COULTER, R.N.
